Golf Caddettes Announces the Launch of Premier Female Golf Caddy Service

Golf Caddettes is the premier female caddy service for golfers, tournaments, exhibitions, promotions, and other special events. Just launched in San Diego, Golf Caddettes provides beautiful, female caddies to attend to all of the needs a golfer might have on the course.

San Diego, CA (PRWEB) October 6, 2006 -- Experienced caddies and golfers themselves, Golf Caddettes know which club is appropriate for each hole and the difference between a putter and a wedge. They are ready to replace your divots, retrieve balls after a hole-in-one, even rake bunkers for you. These young women have the ability to spot your ball in the rough as well as spotting the snack cart. Golf Caddettes are happy to walk the course with players or drive the cart.

For the avid golfer, membership has its perks as Caddettes can be requested and picture picked. This service enables golfers of all levels to focus on playing their A-game, while leaving the details to someone else. As the perfect addition to any business outing on the golf course, Golf Caddettes allow time and concentration for deals to be made while hitting the links. Owner and avid golfer, Ian Gardner, says "Golf Caddettes are the perfect compliment to this precise sport. They take care of the minutia so you can take care of your game".

Overwhelming interest in Golf Caddettes has made it available at 44 golf courses in San Diego County. Expansion plans are underway for Las Vegas, Phoenix, and Los Angeles. Book a Caddette for your next round now, and enjoy the game as it was meant to be played!
